Subject: Techalloy July 2017 Monthly Progress Report

John--I have reviewed the July 2017 Monthly Progress Report for the Tecahlloy facility in Union, Illinois. I have just a couple of comments.

1. What is the status of the St. Peter replacement well for the **Ex. 6 Personal Privacy (PP)** well?
2. What is the status of the report detailing the June well sampling?
3. Extraction rates continue to decline at EW-1/2. What is the status of plans to investigate and remedy this problem?.
